'Toys for Smiles' Festive Special

The toys donated by children in the UK to children in the Zaatari Syrian refugee camp in northern Jordan were distributed to the youngest on 22nd December. Many groups contributed to the success of Phase 1 of this UNHCR project and we now look forward to Phase 2 and 3 in the New Year. The photographs themselves tell the story and are produced by kind permission of the UNHCR.

Save the Children assisted with the distribution of the toys and the event was one of the headline news items in the UNHCR international website. Please visit their website at www.unhcr.org. You can also click on the link below to go directly to the report.....
